

## **Special Assembly (Science Day)**

A special assembly was conducted on March 1<sup>ST</sup> 2024 to mark the occasion of science day. President of science club Dr. Anupama Bhargava and H.O.D Fr. Florence Purty paid homage to eminent scientist Dr. C. V. Raman. Dr. Anupama Bhargava, President of science club, in her speech highlighted the importance of indigenous technologies in progress of the nation. This was followed by a documentary that was based on the theme '***Role of Indigenous Technologies for Viksit Bharat***'. Fr. Florence Purty, H.O.D, while addressing the assembly reminded students about the countless benefits that we reap from science and technology but also cautioned about its adverse effects if not handled with wisdom and care. All the students of B.Ed science club played pivotal role in organizing the assembly.
